A black and white photograph of a young woman with dark, curly hair, captured in a dynamic pose as if jumping or dancing. She is wearing a dark, short-sleeved dress with a full skirt. Her right arm is extended upwards and slightly to the side, while her left arm is bent. She is looking upwards and to the right with a joyful expression. The background features a large, leafy tree on the left and a line of smaller trees and a fence in the distance. The ground is covered in grass and small plants. The photograph is tilted slightly to the right.

For our theme this year we have chosen "Around the World of NBHS in 180 Days." The patio is the nucleus of this world. Like a magnet it draws students to it. It is a small United Nations. Here students with different backgrounds and different dreams mingle and are united by the common bonds of shared joy, gloom, love and study. Here they come to be themselves, to assert themselves as members of NBHS, and, in their youth, to rejoice in that fact.

This is the greatest cross section of the people of the NBHS world available. But in the following pages the Bruin Staff endeavors to trace the steps of our chief guide, Mr. Allen, and Bruno in order to give the reader a more complete picture of the World of NBHS. Bon Voyage! Feliz viaje! Pleasant journey!

HARRY J. MacDONALD, *Superintendent* of New Bern City Schools.

Here through the candid eye of the *Bruin* Camera we catch Mr. MacDonald wagering Mr. Allen that he won't be able to make this trip around the world of NBHS in 180 days. The spunky Mr. Allen accepts the challenge of racing time, hurricanes, snow, broken-down buses, flu and all manner of sickness to the deadline in 180 days.

The veteran superintendent, Mr. Harry MacDonald, has been guiding young minds on this round trip for exactly

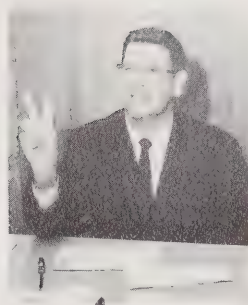

180 months. He majored in zoology and education, receiving his Bachelor of Arts degree at Duke University in 1934 followed by his Master of Arts degree in 1940. In 1938 he became principal of NBHS. Then in 1947 he was elected superintendent.

He well knows what Mr. Allen is facing and is glad to see a man with a spirit so adventuresome that he dares to scale all obstacles in 180 days while leading a procession of 1000

In the days ahead he will rely on knowledge acquired at Wake Forest where he earned his Bachelor of Science degree. He majored in mathematics and minored in social studies and education while there. He received his Master of Arts degree from East Carolina College where he majored in public school administration.

National Citizenship Conference

This year twenty-eight students from New Bern High School had the honor of attending the Sixteenth National Conference on Citizenship in Washington, D. C., September 15-18. The 1961 theme was "What We As Citizens Can Do For Our Country." Our delegates attended discussion groups, listened to guest speakers, and participated in the Naturalization and Citizenship Day Ceremony at the Washington Monument.

The New Bern Delegation to the National Citizenship Conference said good-bye to parents and friends before leaving for Washington, D. C.

College Day

On the 21st day of September, 1961, the members of the Senior Class of New Bern High School enjoyed a preview of their future life. Representatives from many of the colleges, universities, and vocational schools in the state as well as the armed forces answered the eager students' many questions.

Fay Nelson and Murilla Oates sought information concerning Meredith entrance requirements.

Weldon Warf and Rodney Wilson discussed the activities of Western Carolina College with a representative.

Harry Kahn and Carolyn Coker talked with a former N.B.H.S. student who is attending Watts, while Marita Land, Emma Humphrey, and Zylphia Wooten discussed entrance requirements.

Penny Gibson and Gloria Hale seemed to show much interest in Woman's College.

An Air Force representative appears to have drawn the interest of both girls and boys.

Hardbarger's Business College in Raleigh, North Carolina, seemed to attract a large group of girls.

The students of N.B.H.S. worked hard to make their homecoming parade the best ever. The New Bern Armory was converted into a float-factory. On No-

vember 3, a parade was held, and the

organizations had a chance to display their creations. The N. B.

H. S. Marching Band and the Girls' Drill Team also participated. That night the football team won an exciting victory

over Tarboro, and Barbara Tilley was sitting on top of the world when she was crowned Homecoming Queen by our

school superintendent, Mr. MacDonald.

Junior-Senior

Queen Scheherazade, who was to be beheaded, began telling her liege lord an interesting tale on the night prior to her scheduled execution. However, she did not complete her story and her lord, rather than miss the rest of it, postponed her execution for one day. That night the queen again told only part of her story, and again her husband postponed her execution. After 1,001 postponements her intrigued husband decided to spare her life.

The juniors attempted to recreate some of Queen Scheherazade's most famous characters—among them were Sinbad, the sailor; Aladdin and his magical lamp; and Ali Baba and the Forty Thieves.

Barbara Mallard, Dale Walker, Connie White, Cheryl Kwasnick, and Ricky Green had a messy job coloring this entrance with black chalk.

Carolyn Coker, Cheryl Kwasnick, Martha Thompson, Evann Rowe and Merle Brinson made decorations for the jewel garden.

Professional carpenters? No, just Ronald Wallace, Leon Potter, Tommy Lamar, Charles Toler, and Glenn Dunn making a palace of cardboard and scotch tape.

Donald Davis, Winston Dixon, and Mary Stallings worked on the garden fountain.

These Junior girls busily paint a dream world of palaces and gardens for the Seniors' big night.

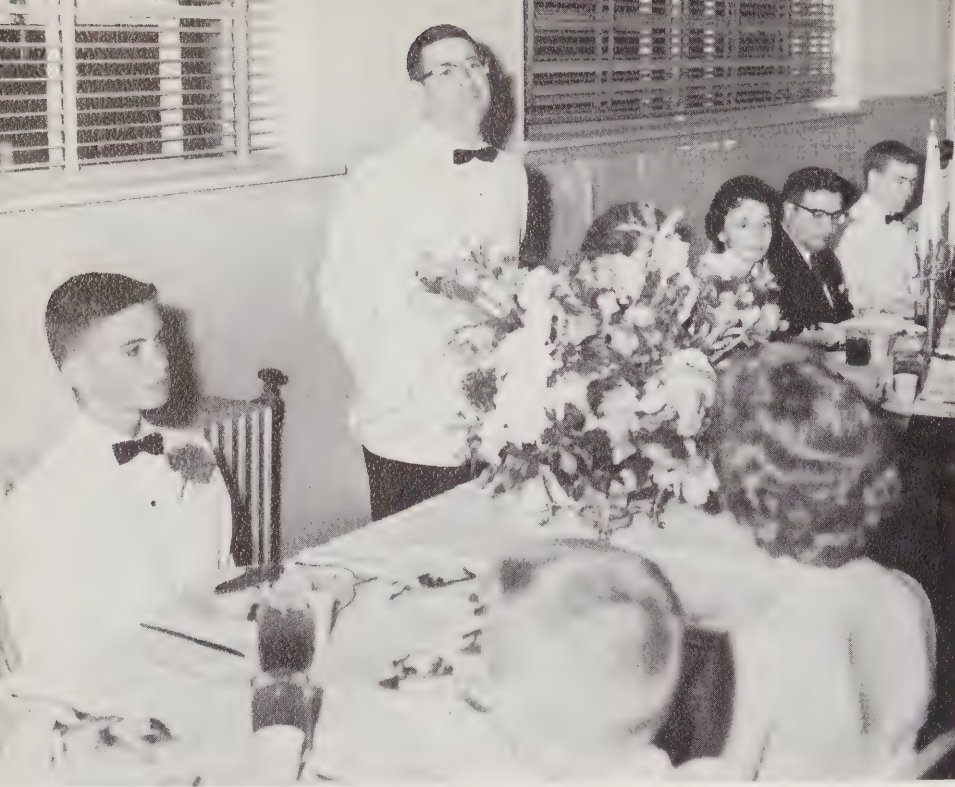

Sheryl Crowe, Mary Lynn Kelso, and Susan Ferebee decorate the trees in the jewel garden.

It took hours of patience to make this dome for the palace.

Sinbad's ship begins to take shape.

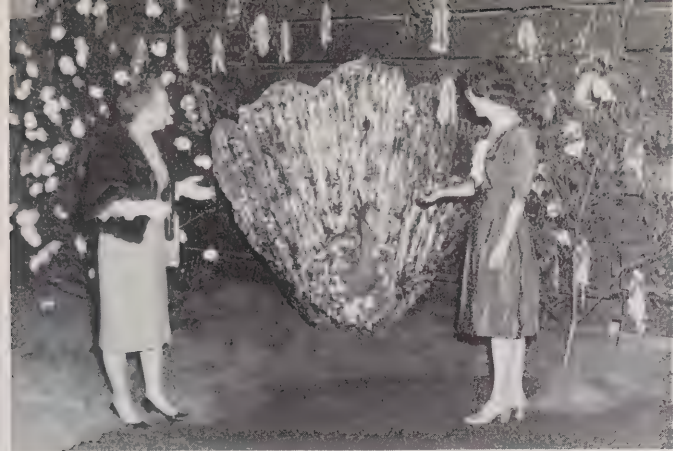

Mr. Allen, our principal, welcomed the students and faculty to the banquet.

A delicious meal began the festivities of the big night.

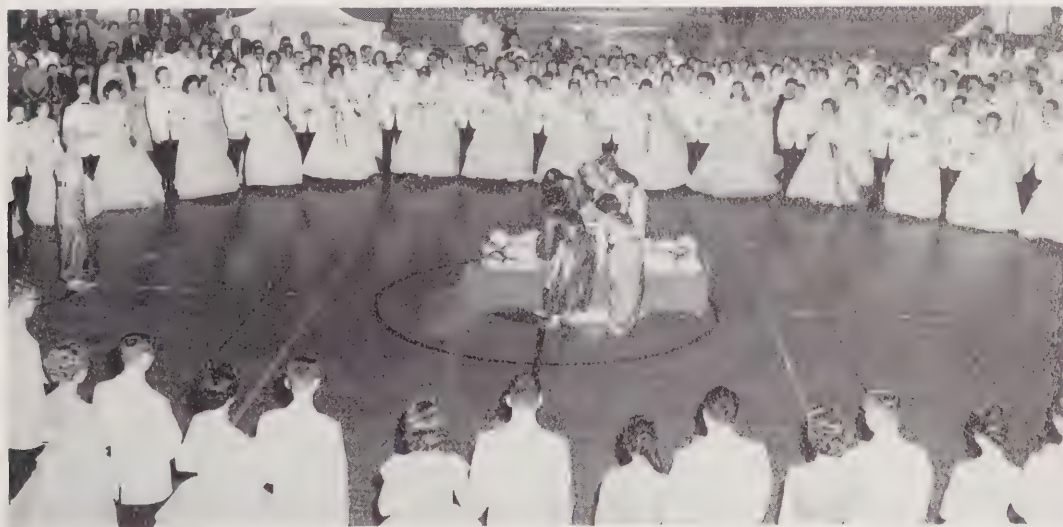

Mrs. Jimmy Smith cut the ribbon while Hunt Baxter, president of the Senior Class and Billy Hunt, president of the Junior Class, looked on.

Mrs. A. J. Flowers, Jr., and Mrs. Jimmy Smith admire the colorful peacock which stands in the palace gardens.

Sinbad and friends sail around the palace on their ship while awaiting passengers.

The figure centers around the magic carpet which carries an array of gifts.

And, now, at last, that long awaited moment—the band begins to play softly, and the 1961 Junior-Senior is officially under way.

Head football coach Bill Kluttz and assistant coach and Athletic Director Will Pittman guided our team to a victorious season.

The 1961-62 football season could be classified as a very successful one for the New Bern Bears. This year the Bears totaled an amazing 204 points compared to their opponent's 79 and placed second in the conference.

Our fine backfield was supported by a very strong line who always made it rough for our opponents. The few touchdowns scored against the team is proof enough that our defensive unit definitely shouldn't be overlooked.

The Bears were spirited this season by a possible conference championship and presented the fans with some very exciting and hard-fought games. The boys displayed their usual good sportsmanship even when they lost the decisive conference game.

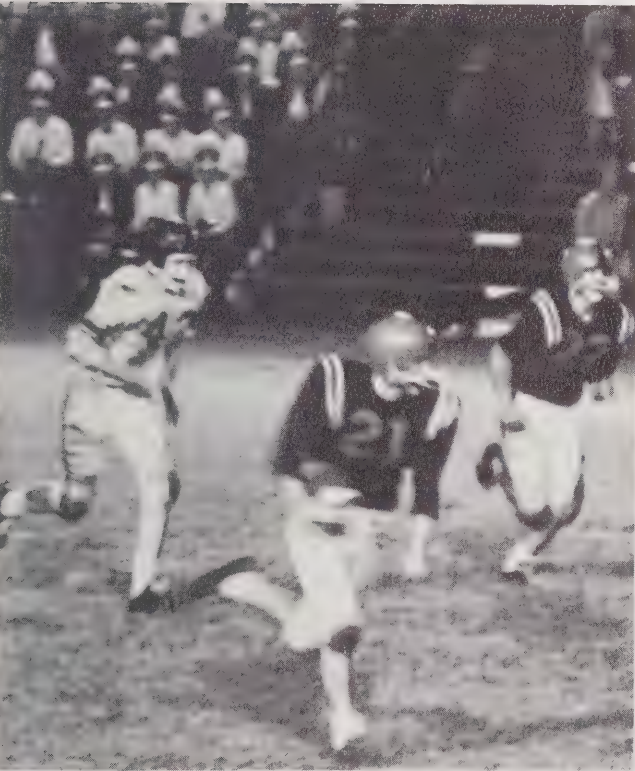

Skip Crayton again proved to be a most valuable asset as a capable manager for the Bears.

The *Bruin* congratulates Coaches Bill Kluttz and Will Pittman and the entire team for an outstanding season.

The fitting of class rings is an event each junior looks forward to. Carol Nelson seems to be wondering if this is her correct size while Sharyn Stewart seems to have found her size.

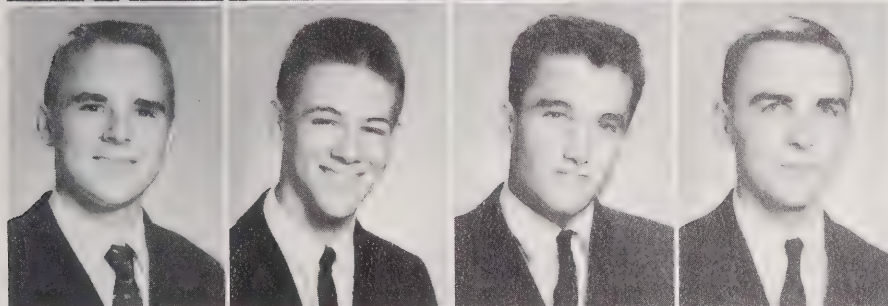

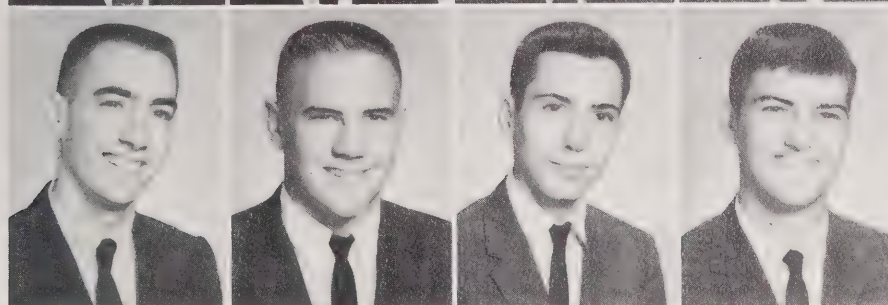

Florence Pollock is marking her homeroom's progress in magazine sales for the day. From the looks of their progress so far, they ought to reach their goal soon.

Some people really have messy lockers! Dot Sawyer's is no exception. Just look at all the books she has to take out to find the one she needs.

Wouldn't you know! All of those in her hands would fall as soon as she sights her needed book.

See the results of a messy locker? This should serve as a lesson to everyone. Well, evidently this just isn't Dot's day. Better luck next try, Dot.

Looking back over our journey, we recall vivid moments such as the day the Florida sun shone on us —thanks to that state's University Choir. Unforgettable are the tense moments when we witnessed the count down and blast off of the Friendship Seven between overtures played by the Marine Band on our stage. As Col. John Glenn began his tour around the world three times, we were intensely aware of our own tour and its relationship to our stake in tomorrow.

When snow, sleet, and ice hit New Bern, we declared a holiday and when flu struck, we improved our minds mathematically by counting absentees as they rapidly mounted to 315.

Due to such delays we all thought Mr. Allen was going to fail to make the trip in 180 days. Yet we were all standing ready to applaud him for accomplishing the purpose. Mr. Allen had another trick in his bag, however. The graduation date was postponed.

Our procession of 1000 have had precious glimpses of the lands that make up the world of knowledge. With the advantage of having investigated the landscape, we are better able to select a home place. We may till on our land crops that will conquer space, age, nature and flu. We may make a flawless 180 day trip possible for our children. But most important, we have learned that it's easier to pull a boat upstream if all pull together.

Thus we leave . . .

Rocketing into the Future

If a man writes a better book or preaches a better sermon, or makes a better mousetrap than his neighbor, though he builds his house in the woods, the world will make a beaten path to his door.
